Watch the vultures as they open their eyes  
Can you please, please give them something  
Play the heavens with the devil's dice  
Can you serve them, feed 'em with your king

You've never seen anything like this before  
You will never see a clockwork sunrise no more

I bring no shelter 'cause I...

I will deny you  
This world belongs to me  
You try to fake it  
But all wounds are there to see

Death dies hard  
Watch as the devil gets sold to me  
Death dies hard  
Enter hell and use the bone of god as key

The lotus withers as the insects thrive  
Can you please, please give them something  
The pulse of darkness brings god alive  
Can your black crimes be carried on white wings

You've never felt anything like this before  
A sulphur storm brings the victims upon the shore

I bring no shelter 'cause I...

I will deny you  
This world belongs to me  
You try to fake it  
But all wounds are there to see

Death dies hard  
Watch as the devil gets sold to me  
Death dies hard  
Enter hell and use the bone of god as key

I...

I will deny you  
This world belongs to me  
You try to fake it  
But all wounds are there to see

Death dies hard  
Watch as the devil gets sold to me  
Death dies hard  
Enter hell and use the bone of god as key
