"The Greatest Fight On Earth"

Absorb all their fears, Collect all their minds
We'll be the snakes wherever they'll play
And we'll be the demons whenever they'll pray
It will be the greatest fight on the earth

Snatch the wings of a fly
Spit on them and nail them to my spine
Say little insect now fly away
But I'll be the demon in every psalm you pray

The disease, the love, the claws, the blood
The empty clinics of savaged hearts
The rusty nails in lidless eyes
And the skin won't ever be cleansed from
the dirt

Come here
Now come here
Let me smell your fears
Cry here
Now cry here
Let me enjoy your tears

Lick the wet segments of a worm
Taste it now and let it wriggle down your throat
Mothers scream Little children now run
away
But I'll be the snake wherever they'll play

Commence the extermination to weaken their wills
Uncover their heart, free the insects and let them lead
the way
