"The Rape"

You fall so I walk away gone with you're
children screams of pain and the deeper i reach,
I fear not the righteous speech

Did you ever speak that name, a savaged word in vain
Cause I know that you got hunger for the cold and
black

As I rape your soul of virtue
I am a god of lust and pain
Cold black
As I slay your soul of virtue
You are a slave of flesh and pain

You fell - So I walked away
And with the dying children I play
And the deeper we go, you're an act of a sinful show

Did you ever speak that name, a savaged word in vain
Cause I know that you got hunger for the cold and
black

As I rape your soul of virtue
I am a god of lust and pain
Cold black
As I slay your soul of virtue
You are a slave of flesh and pain

We fell - So i raped your heart
Tore it out and ripped it apart..
