ENDYAMON in PURGATORY):

"Show you no mercy, we're far from the Light

Sign in the distance, leave it behind . . .

There is no meaning, when the promises are lies

I'll bring you pain, far from the Light . . .

I see the Rings around the Sun, I know their Names

I see the Colors turn and run, I stay the Same.

There is no meaning when the promises are lies

I'll bring you pain, far from the Light . . .

(ENDYAMON on EARTH, HEAVEN and HELL):

Victory, Holy War, I am reborn tonight

You will know, you will see the end of all former might

Right in the window, I know where you are

Hunting and killing again

Holy Tomorrow I see where you are

I will be there when you die !

(THE GODS):

A WHISPER OF DEATH I bring to you

The Sons of Tomorrow, I know that they're through

There'll be no mourning, the Skies are alive

A WHISPER OF DEATH, Fall in the sight of your God

A WHISPER OF DEATH !

(ENDYAMON):

Crush them all, kill their Reign

See them Fall from the Light

Who will know, who will win

Seven years from tonight

Gods in the mirror I know where you are

Haunting the still of the night

Holy Tomorrow I see where you are

I will be there when you die !

(THE GODS):

A WHISPER OF DEATH I bring to you

The Gods of Tomorrow, I know that they're through

There'll be no warning, the Skies are alive

A WHISPER OF DEATH . . . , when the Spirit's torn from
your Flesh . . .

(ENDYAMON):

A WHISPER OF DEATH, A SHADOW OF FEAR

Seven Riches of the Skies

A WHISPER OF DEATH I bring to you

Seven meanings of our Love

There'll be no warning, the Skies are alive

A WHISPER OF DEATH

(THE GODHEAD):

Thunder War, Blood and gore

Send them Fear on the tide

I will know, I will win Kill them quick,

'fore they rise

Bride in the mirror I know who you are

Writing the Book of Demise

Holy Tomorrow I see where you are

I will be there when you die !

(ENDYAMON):

NO ! A WHISPER OF DEATH I bring to you

The Gods of the moment, I know they're through

We're pounding the Valley, the Skies are aflame

A WHISPER OF DEATH, I bring to you

Seven meanings of our Love There'll be no mourning,
the Skies are a lie

A WHISPER OF DEATH, Fall in the sight of your GOD ! ! !
! ! ! !

A WHISPER OF DEATH ! ! ! ! ! ! ! !
