1st verse:

Ya got no friends, and ya got no money

And no one wants to know you

And no one calls you honey

And there's nothing going right, and you're running out  
of time

Chorus:

There's only one thing left, that you can do

That's drive on, drive on, drive on thru.

There'll always be one car in front of you.

2nd verse:

When the world gets you down and no one comes  
around,

You're out on your own, and you can never go home

There ain't no fun, now ya got to run.

Chorus:

There's only one thing left, that you can do

That's drive on, drive on, drive on thru.

There'll always be one car in front of you.

Chorus repeat: There's only one thing left, that you can  
do

That's drive on, drive on, drive on thru.

There'll always be one car in front of you
