Soaring high above the desert
far beyond the shifting plains I call your name
With a love that goes beyond love
past the prison of all time In the sky you and I
From the Dawn of all Creation
to the pain of Nevermore
Can you hear me in your slumber
As I Haunt the Nightly shore
Chorus:
Unleash the Raven fly to me
Unleash the Raven fly to me
In the Palace of the Spirits
where the streets are still and strange, I stand alone
13 moons reveal the sadness
where your mortal body drained
In the sky ou and I, we can't die
From the Dawn of all Creation
Calling from the other side
None can ever tear asunder
our love is sanctified
Chorus

Fly Phantom of Night, Vulture Divine send me Lenore

From the Dawn of all Creation

Calling from the other side

None can ever tear asunder

our love is sanctified

Unleash the Raven fly to me

Unleash the Raven fly to me

When the Light of Life is over calling from the other
side

Unleash the Raven fly to me

Unleash the Raven fly to me
