The mark of war is upon me, the taste of blood's on my
tongue

I'm the ruler of nation, I am second to none

Like a rainbow on fire my axe gleams in the sun

Blinding my enemies when the battle's begun

They'll see us fly on wings of glory, for the twilight
hour's come

Here we ride on wings of fire, staring straight into the
the sun

The dark host marches eternal, it's the last great war

Spreading scenes of deatruction unequaled before

There will be no winner, all are destined to die

And from the ashes a new world, a vision of light

Watch us fly on wings of glory, for the twilight hour's
come

Here we ride on wings of fire, for the judgement of the
gods

A circle of fire Loki sings

A chorus of lies, the crownless king

Who rides on the wind, who rides on the sky?

Be gone

A circle of fire loud we sing

The warhammer rides, the crownless king

Who writes on the wind the whisper of life

Watch us fly on wings of glory, for the twilight hour's
come

Here we ride on wings of fire, for the judgement of the
gods
