Hold me, take me in your arms one last time

I can't bear the thought of your leaving

This night oh so black

The stars don't shine

And you're never, never coming back...

Chorus:

Where are you running to now

Where are you running to now

Oh babe

Where are you running to now

Where are you running to now

Oh yeah

Silence,

I'll never hear your sweet voice in my ear

Just a lonely sound as you disappear

In the night, the clouds are black

The stars have died

And you're never, never coming back

Chorus

Don't you know that it's not easy?

Don't you know that it's so hard to take?

Where are you now, is someone with you?

I'll have to accept that you're not coming back

No, no more, no more, no more, no more...

Chorus

Goodbye babe, so long darlin

I'm never gonna see you again

Goodbye babe, goodbye babe
