[Music - Burtz, Eder, Pell / Lyrics - Burtz]

Silently... desperation destroying... my mind  
Can't get it all... anymore, anymore  
Alienation... is my only way, yeah  
So cruel, so cruel

Reality, or should I believe in something other?  
And I'm... catchin' a light... in the corner of my deceivin'  
eye  
Soarin' away from the dark  
It's just because... I can't give up

[Chorus:]  
Waiting for a star  
Hoping for another light  
Waiting for a star  
Takes me years... all away

Out in the dark  
Out there so far see Venus appearin'  
Makes me dance  
Dance from a high rope  
Burns like a pyro, she's got me there  
Venus you're just to blame - oh, this is lunacy  
Again and again it's the same

[Chorus]  
Sly clever woman, you're my saving grace  
But only planets can show... a lying face!  
A face!

Waiting for a star  
Oh, I'm waiting  
Hoping for another light  
Waiting for a star  
Takes me years, takes me years

Waiting for a star  
Hoping for another light  
Waiting for a star

It takes me years away

Waiting for a star [6]
