Terminal head hard under fire  
Hard crunch gate over rate  
Anything goes  
Trip hop chill out overtake under rate  
Take a couple pills  
I got nothing more to lose

Put a fist through  
Through the window  
Take an eight bit  
Over sample  
I'm a speed freak  
Devil angel  
Try to hold on  
When I slam it to the floor

Beat down  
Fire it up  
Burned out Z28  
Iron clad big block  
Old carburetor  
Try to keep it on a straight line  
Burn those slicks  
Brawler crawler  
Keep it on the red line  
Take another shot  
I got nothing to lose

Put a fist through  
Through the window  
Take an eight ball  
Oversample  
Aspiration  
Rehabilitation  
Try to hold on  
When I slam it to the floor
