Midnight in our town
Thinking where you are
Baby, I'm feeling down
Can't take you out of my mind

Dreaming you say hello
And I'm down on my knees
You are in my arms
And your sweetest kiss

Never forget I love you
Never forget me too
Never forget I miss you
Love is the only truth

Never forget I love you
Baby, you feel the same
Never forget I need you
Come and stay with me

Living in your shadow
The sorrow is so deep
If you're gone forever
I'll find you in my dreams

Midnight in your town
Your eyes are like the sea
Baby, with you in my arms
How wonderful life can be

Never forget I love you
Never forget me too
Never forget I miss you
Love is the only truth

Never forget I love you

Baby, you feel the same
Never forget I need you
Come and stay with me

(Never forget I love you)
(Never forget me too)
(Never forget I miss you)
Come and stay with me

Never forget I love you
Baby, you feel the same
Never forget I need you
Come and stay with me

Come and stay with me
