Sometimes you can be like a stranger in moments
when you're so far away
In the night when I reach out to hold you you just turn
away
Why do you turn away
Oh I love you so when you're smiling but your smile has
faded overnight
Well we stay like this for a lifetime gettin' nothing right
Oh baby gettin' nothing right
Why do we always have stormy weather why should we
have it so rough
Is it so hard just to stay close together why can't we
ever have love

Oh I knew from the first time I saw you I just had to
make you mine
I felt so sad when you told me about your troubled life
All about your troubled life
So here we are just a few years further we're still tryin'
to make it work
Now I've a feeling what you really need boy is just a
little love
Oh baby just a little love
Why do we always have stormy weather...
[harmonica]
Why do we always have stormy weather...
