Let me get next to you  
There's a feeling dealing heartache inside  
'Cause I get the best of you  
And you show it when you know it goes live  
But is it all smoke and glass  
I'm being foolish to ask  
The leading lady of the carnival impossible to beat

It's a matter of fact  
It's logical  
Wanna get close to that  
How'd you get so beautiful  
It's a matter of fact  
So beautiful, so beautiful  
How do I get close to you  
Oh  
Let me get next to you  
There's a feeling dealing heartache inside  
And it makes me relate to you

But your holy rolling life I can't buy  
But it's all smoke and glass  
I'm being foolish to ask  
The leading lady of the carnival impossible to beat
