Boh: So bittersweet
Lost for the minute
Unnaturally weak
Give into your smile

I want to discover
What we mean to each other

Please let me love, love
For a while

Andy: Two of a kind
But somethin' like strangers
We're misfit and blind
Still findin' our
BOTH: Feet

Andy: We don't know the limit
'Cause we're both livin' in it

Please let me love, love
For a while

Boh: Oh, I can't help, can't help myself when
I'm with you
Oh don't you know
That I can't let you go
You're one mistake I'm always makin'
You got in me
All you need
All you ever need

[~INSTRUMENTAL~]
