Goodnight,
Tomorrow morning isn't far.
I will be interesting
When you're alone and feeling bored.
I watched a city cry,
I thought I lost you in the fall.
I thought of everything...
I cannot lose you anymore.

So won't you stay?
I'm drowning in the rain.
Darling say the words
And I will stay.
I'm drowning in the rain.
Darling say the words
And I will...

Stay the night.
I'm just the trouble that you need,
I'm just a year away
From when the future swallows me.
And when you're left behind
It takes a lifetime to be seen.
'cause something happened here,
Somehow we're younger in our dreams.

So won't you stay?
I'm drowning in the rain.
Darling say the words
And I will stay.
I'm drowning in the rain.
Darling say the words
And I will stay.

You're different
And all the rest are the same
Oh, you're different
And all the rest are the same
Stay the same.

Now something happened here

It's not a worthless cause
And I said so I can,
So I can stay...

I'm drowning in the rain.
Darling say the words
And I will stay.
I'm drowning in the rain.
Darling say the words
And I will stay.
