Kick off those shoes
They got no use
Lay down your feet
Hit the ground beneath

All you sinners in the land
Choose a partner, take their hand
All you lovers in the world
Bring a boy, take a girl

Living it up 'cause life's so sweet
Giving it up for love completely
(La la la la la, la la la la la)
Living it 'cause life's so sweet
Giving it up for love completely

Break out your mind
Relax, take time
Don't waste away
Redesign the night to bring in a
Brand new day

All you angels in the dust
Make some room for the rest of us
All you givers in the world
Bring a boy, take a girl
