Lay your hand on me, on me
Do you know how that feels
Playing on my skin
You make a lifeline of it
Tender is the touch
You say it all for me

I'm strong enough but take it
Easy on me

[Music]

Lay your hand on me, on me
Do you know how that feels
Playing on my skin
You make a lifeline of it

I'm strong enough but it's
All too much
I'm drowning hereâ€¦!

[Music]

I shouldn't be the one that has to tell you baby
I shouldn't be the one that has to tell you baby
Being here with you it really scares me (scares me,
scares me, scares me)
I shouldn't be the one

I'm strong enough but it's
All too much
I'm drowning hereâ€¦!

Lay your hand on me, on me
Do you know how that feels
Lay your hand on me, on me
Do you know how that feels
