Your baby's a night owl?
I had no idea
Do beeps help him sleep and keep him from weeping at
the fluorescent skies and lies?

Might as well buy a crib while you're here
This game could last all year

Convenient, but deviant
To bad it's my only choice

Excitement
Indictment
Immunity and rejoice

Landslide
Inside
Complain while you choose your pants

Bribling
The bite stings
But there's no mark at a glance
Risk is a game of chance

Your motives are drop dead gorgeous
You execution could use some work
Unless that's you're going for
Go for the head instead
