You can't complain about factories leaving town, when  
there's not one around  
Just an empty room full of dogs laughing and pointing  
you down  
You don't know what I mean

If there's something wrong with being involved, tell my  
agent  
He's between these fingers  
A supporter of all that's bona fide  
Unquestionable lies

Do you mind if I stand here and look like you?  
Four out of five ain't bad  
Some would say good  
I would

OVERRATED like the world  
I'm feeling sedated  
This is absurd

Can I stop trying now?  
I need to sit down

Nasally, I challenge you to a duel  
I'm not kidding  
Then let's make a pun about sense  
Survey says I can handle more than you  
I'm not kidding  
Let's drop the talk and put "number five" on the line  
tonight  
Five bucks say I'm right

Do you mind if I stand here and look like you?  
Four out of five ain't bad  
Four out of five ain't good  
I would  
Some would say good  
I would

OVERRATED like the world  
I'm feeling sedated

This is absurd

Can I stop trying now?  
I need to sit down

Anosmium created on a whim  
Describing the state of awareness that it puts you in  
Darwin's acting gay  
Giggling in his grave  
Opening champagne  
On this day

"Can you smell the irony?"  
"I can't say that I can"  
"That's right, you're not enlightened like the rest, an  
anomaly at best"

I like it jaded, I like it numb  
I appreciate appreciating anosmium  
Hold you breath and look around  
You're still in the same town

OVERRATED like the world  
I'm feeling sedated  
This is absurd

Can I stop trying now?  
I need to sit down
