Two sides, two sides to move on  
Who's side ah who's side are you on  
Get a little a little a little  
The end may be a little more  
We fought so strong for so long  
You won, you're right and I'm wrong  
Good god, get along  
Will they ever learn

Sufficiently enough  
Free to decide  
There is no love  
Cause we dont run..

For, for what it's worth  
These eyes are open yeah  
For, for what it's worth  
These eyes are open yeah yeah

What would the sun cost if you could hide it  
What would love cost if you could find it  
How much do I owe  
To you, thoughts for being born

I'm on your side cause it stands  
Your way is stronger than me man  
Good god, get along  
Guess they'll never learn

Sufficiently enough  
Free to decide  
There is no love  
Cause we dont run

For, for what it's worth  
These eyes are open yeah  
For, for what it's worth  
These eyes are open yeah yeah

Come down, come down  
What is free is what is not allowed

You have won and we are on the ground  
Are you proud, are you proud?!

For, for what it's worth  
These eyes are open yeah  
For, for what it's worth  
These eyes are open yeah yeah

No love  
Never tried  
To lose  
Your side  
Never loved  
Never tried  
To lose  
Side
