Slow down baby  
Let me catch up with the days  
Slow down baby  
Can we try a different way  
Slow down baby, slow down baby

When I'm around you  
I'm really feeling fine  
But you're always trying to rush all our time

If you only knew how much I cared  
Then you wouldn't move and just stay there

Chorus

I heard you've tried this before  
With someone else  
But I'm only trying to have some fun

If you only knew how much I cared  
Then you wouldn't move and just stay there

Chorus

If you only knew how much I cared  
Then you wouldn't move and just stay there

Chorus
