Wishing

I got this EX girlfriend
She act's like she no's she hot
It's fucking pissing me off
Cause back then
When we were going out
She wasn't like that
She was all perfect till summer was out
Now she's with this guy named Matt
Hes lucky that he's with her
Matt i still adore her
I swear don't break her heart
Cause i'll put u in a coma
Cause i'll break your face
And don't bully her around
Cause i'll do something to you called pound
I swear i aint taking somme other shit
If u talk shit
Behind my back
Il be there as soon i ear the crap
If u say won word to my face
You shouldent cause it will be a discrase
To you and your face
Cause you girlfirend will be calling for safe
I don't give a fuck
Cause il kill you motherfucker
You cocking sonavabitch
You stold her from me
I'll steel her from u cause she's my bitch
What you u gona do hit me
I dare you Matt
I'll fuck you up
I did 4 songs on you
I've been drinking 7up
And thinking of you
But it's not good thinking
There's a knife infront of my face
Its telling me to stab u in the face
In the way it's a good thinking
You don't no how i loved her

Now 2 guys comme a bogers in
To break up me and her
Mitch is calling in
Everynight to talk on the phone
But why the fuck
I was going out with her you fucking stone
But i don't care she's man just a oucares anyway
I don't love her no more
You can have her if u want
She thinks she's all the shit
But u no what i think u shouldent go for her
Cause you can have better
Evan Jessie,Sara and Shank
Noes it you drummer
O and Max i don't have a problem with you man
Serge i aint got nothing against you

Now back to Sar
Yo girl i love you all my heart
And i swear
Cause you with this lil tart
He thinks he's the hottest chick around
I say chick cause his hair is full of shit all around
Sara u no i love you
Your just being a bitch
Cause you never frenched me and i loved you
First party u went at u french'd the sonavabitch
Your lucky i was stone'd and drunk
Cause he would be dead
Floating in the lake
With a slice trew is head
I would be here sitting with a big cake
Infront of my face saying
Good job for killing
Well it didn't append
Everyday i go to school
I see u to motherfuckerz kissen
It makes me jelious
Cause i can't beleive u kissing him
It's like kissing an annus
I can't beleive we fell apart just like that
It pisses me off cause u dump me for hey
Dump cocking sanavabitch that

Stold u from me
I look at you it's like good times
Cause your beautiful eyes looks at me
And it's saying to me
Dam i love her
But you don't understand
I love you like DAM!!
Why wont you listen to me
I've bine trying to say
That your fucking hot
Everyday my brain is saying
Look at her she's so fucking hot
My dream is to get married
Me and u starting a life in too
A nice place
And two little children
But no you want to
Stay with that ugly face
If you want children
With that Matt
Its gona be a real disrace
Cause there gona be handicap
But it's you choice
I can't push you what to do
Just make a good choice
Cause i don't want to see you
Beside the streets in T.O
Saying hey yo
You have money
Cause i'll brake down and cry
And give you all i got
Cause i loved you since i was big like spot
Matt if you hit her
Just don't do it
Cause i'll have to hit you
Just don't do it
Cause if you hit her i'll have to go to court
I'll have to spend 25
A sentence for life
Sara what appen to the days when u were shy
You fucking squat
Sara im sorry if im calling you names
Cause i don't give a fuck
Im not ashamed
I just like talking about sluts
You fucking lesbian
Im calling you a lesbian
Cause your going out with a pussy
That looks like a big sissy
But do you remember all those good times we had
And do you remember things werent so bad

We were kissing
And touching
Why you think that's bad
Well i don't
But you were looking so sad
Maby it's cuase you were shy
In those times
But why aren't u so shy today
That's what im asking my self today
But i just want u too no something
You fuck'd my life u bitch
You boy thinks he's all rich
But he wont when im finish
Cause his dad will have to pay 10 thousand
Too bery him
I hope he says fucking him
And he throw's him in the lake
Like i hade in mind
