Rock my world
Bring the bass in and a heavy thumping beat
Just rock my world
Shake the house, everybody off their seats
I got this party on the top of my finger
It just keeps getting good and the party's much bigger

Rock, rock, rock
Rock, rock my world up
Shake, shake, shake
Shake the house down
Boom, boom, boom
Pumping the beats out
Rock, rock, rock
Everybody shout

Rock my world
Bounce your heads to this funky rhythm baby
Just rock my world
Flash the lights through the house baby
This party's getting hot now
Let's slow it down now and bring the lights down

Ooh, ooh, ooh baby
Rock my world baby
Shake the house baby
Rock my world

Chorus
