Slow down baby
Let me catch up with the days
Slow down baby
Can we try a different way
Slow down baby, slow down baby

When I'm around you
I'm really feeling fine
But you're always trying to rush all our time

If you only knew how much I cared
Then you wouldn't move and just stay there

Chorus

I heard you've tried this before
With someone else
But I'm only trying to have some fun

If you only knew how much I cared
Then you wouldn't move and just stay there

Chorus

If you only knew how much I cared
Then you wouldn't move and just stay there

Chorus
