Come save me
I'm fading fast
Can't keep myself together
And maybe I just won't last
If I'm not with you forever

Now my heart is at stake
I feel I could break
I might die if you leave
Friends, that's why I smile
'Cause all the while
I've got you up my sleeve

Come take me
I'm ready for
All that I've never tasted
Come wake me
Let's make up for
All of the time we've wasted

Now I'm touching the stars
I'm up here on Mars
I can barely breathe
Friends, ask why I smile
'Cause all the while
I've got you up my sleeve

Baby, I would never leave you

Now we're touching the stars
We're up here on Mars
We can barely breathe
I'm afraid to come down
And lose what I found
I'm raging my [Incomprehensible]

Come save me
Come save me
Come save me
Come save me
Save me, save me, save me
Come save me now
