Sitting here on my bedroom floor my head in my hands
Try to fix my aching heart and no-one understands
Setting sun long gone now, rain begins to fall
Yeah I know this first night is longest of all

If I had a flower everytime you came to mind
I would have a garden full of dreams - wait and see
If the wish I made at first starlight tonight
If that comes true well then you'll see that you and I will
be as one
In a garden full of dreams

Want something to fill my head and I reach for the
phone
Seems to be when I need them, none of my friends are
home
I believe we can be free without leaving this behind

If I had a flower everytime you came to mind
I would have a garden full of dreams - wait and see
If the wish I made at first starlight tonight
If that comes true well then you'll see that you and I are
meant to be
And I feel sure the day will come when you and I will be
as one
In a garden full of dreams

You take my heart
You drop my hand
You say I have to understand
When will I see you again?

If I had a flower everytime you came to mind
I would have a garden full of dreams - wait and see
If the wish I made at first could come true, well
I would have a garden, a garden full of dreams

In a garden full of dreams (in a garden full of dreams)
In a garden full of dreams (in a garden of dreams, in a
garden of dreams)
In a garden full of dreams (in a garden full of dreams)
In a garden full of dreams (in a garden full of dreams,

in a garden)

In a garden full of dreams (in a garden of dreams, in a
garden of dreams)
