Too many hypocrites - I heard her say
I even saw it in the headlines today
How can I follow God, when His own people turn away?
Nobody's perfect but I just want to see
Somebody living what they say they believe
If they've got all this world needs like they say
I wonder why won't they give some away
(Chorus:)
Can she/he/they see God for who He really is
In what she/he/they see(s) in you and me?
Yeah, Can she/he/they see God for who He really is,
For who He really is, is all she/they really needs to see
For who he really is - is all he really needs to see
All he really needs to see
He slips into church and he puts up his guard
They look so happy but his life's been so hard
He keeps his distance so they wont see the scars
It's just religion that's all dressed up in white
And God is love as long as you're living right
But does he know that Jesus also had scars
And His love can reach him no matter how far

The skeptics are watching to see who will fall

While those disillusioned search for the truth in it all

Maybe today we'll cross their paths unaware

And they'll stop and look at us. What will be there?
