Cracked lips  
Chap stick  
It's a quick fix  
Like a nervous tick

Check out my eyes  
They're so clear  
Not red veined  
Or Insincere

I tried  
To recall  
A life  
Before I lived at all

Being small  
A child's bliss  
Focused in  
I remembered this

I could never reach  
What's on the shelf  
I was looking  
For your help

I'm just a little boy  
Or maybe I'm crazy  
Like I fell and cut my self  
You walked up and saved me  
From hating what I felt

This party's  
Grown tired  
My invitations worn  
Back home on the tv  
Frauds sell pieces of their lord

So what's a kid to do  
They don't make books on how to choose  
The path of least resistance  
May be the fastest way to lose

I still try to see  
If that road is right for me  
No one can tell what I'll find  
But I want you by my side

I'm just a little boy  
Or maybe I'm crazy  
And there's no pill to save the world  
Were all just so lazy  
But if wisdom is a pearl  
We've been misusing her  
Strung round a neck her voice can not be heard

But what do I now  
I'm just a little boy

Oh maybe I'm crazy  
And it's empty on the shelf  
It's less than amazing that I'll have to find out for my  
self  
Cuz I'm still a little boy
