As she steps off the platform  
I smile  
That familiar feeling starts welling inside  
I can't believe what I see  
How could it be she's more beautiful than I remember

But not at all the same  
It's so much better  
It's hard to explain  
How much I

I search for the words  
The ones she's never heard  
To let her know that she's an angel  
She knows it's hard for me  
To express how I feel  
Foot in my mouth  
I've never really been a Casanova

Roll that over inside of my head  
It's quiet now  
Except what she just said  
So good to

Feel you  
See you  
Taste you  
It's so true

It's candy's day  
In that bittersweet way  
The kind of feeling  
The phone would not convey

Peach fuzz stands above  
Her eyes they radiate love  
Oh love for me

Flash forward to the end of the year  
Snow turns the earth white but my skin doesn't care

I'm wasted in the great unknown  
Or is it wasted on me such a fond memory  
What is the chance of ever again meeting  
The most perfect love I've ever known
