You'd think me a fool if I wrote you
How perfectly it's all working out
I'd think it rude if I sat and typed
What could never come out of my mouth

40 miles aint so long
For this song to wonder on
If I promise you
One day I'll wander it too

As smile lines grow
We grow up and grow apart it seems
A simple bond keeps me laughing even when I grow
weak

My pillow
Saves my life
I'm saving up all these dreams

This is all for you
Because you're all I feel as I'm drifting to sleep

In this modern conditions weve lost all our traditions
Boys and girls are still wishing on stars seem missing
And when their prayers go un answered
And no body listens
