Of the hundreds of ways
I thought I could say
Thank you for existing
You just what I've been missing
I chose to give you this

It's a little bit of nothing
But it's really more like something
Totally Unique I think
This is all the love I can give

Since the expressive is repressive
I'll stick to the suggestive or easily digested
If you want to know what I mean

When I say my tongue tied it's probably a lie
I go on for days or months if I tried
But what more would that mean

Oh please understand me
When I find it hard to stand
Oh you're my family
All I'm asking is for one more chance

This is the reinvention
Of a common thought perception
Not completely new hold
On to traces of the old

You've been ever so forgiving
When I'm learning just by living
Mistakes
Yeah I've made a few

In this ever growing book
I've been scribbling through
Maybe if I slow it down some
I'll Stumble onto
The point I've been trying to make

A life as confused and well used as this room
Underneath this dirty laundry

And fading perfume
This ones for me

Oh please forgive me
If this is all I have to give
Oh you're my family
All I ask is you let me live

In this ever growing book
I've been scribbling through
Maybe if I slow it down some
I'll Stumble onto
The point I've been trying to make

A life as confused and well used as this room
Underneath this dirty laundry
And fading perfume

This ones for me
