I'll admit
I didn't see you coming
But you came just the same

A simple touch
Some like it rough
It's all you didn't have to say

It's nothing short of a phenomenon
When you and I we get it on

Collide till reaction
I find this attraction undeniable

Beads of sweat curl up under my lip
She hip she's cool to me

Share your story perhaps a pillow
Or two
Are you into me cuz I'm into you

You got the gift to uplift
Forget about the little shit

So unexpected
But always welcome
She's became perfection
In my eyes I've fallen onto her cloud
Like a siren she rings proud as I sing loud
I'm all about it calling out
