I never thought to look up
When we first felt the rain fall
Now it keeps coming down and we're all washed up

We can never get back what we had
It's long gone
But hold my hand for one more slowdance
To our last song

We had a good run, you and me
Now we're as exhausted as to keep looking Â¿?
And we can't catch our breath, we're dead on our feet

We can never get back what we had
It's long gone
But hold my hand for one more slowdance
To our last song

You can't see the forest Â¿? this one dead tree
You don't have to believe me, you just have to leave me
alone

I never could tie a good knot
And now we lost our anchor
As we drift out to sea and Â¿?

We can never get back what we had
It's long gone
But hold my hand for one more slowdance
To our last song

Whatever we used to have we can never get back
It's long gone
I hold my hand for one more slowdance
To our last song
