If you've ever been  
Afraid of anything  
This songs for you  
I know your felling me!

If you ever want to  
Do just something big,  
But then you stopped,  
Just couldn't handle it

If you take a chance  
Then it will be alright  
Come on (x7)  
You know it's time

Just pu-pu push it down  
And then you'll win the fight,  
You're better that this  
Your better than that  
Come on lets make it right!

Nothing getting in my way (oh oh ooh)  
Nothing ever will again (oh oh ooh)

And if you're with me  
Come on and say now  
We're gonna make it hey  
We're gonna take it over yeah!

(Chorus)  
Not gonna set it up  
And let them know  
Just find the courage  
Get up and go  
Oh no, we're not gonna take it slow  
If you want to step in  
There's no time to wait  
A wish come true everyday

Today's the day  
You know it is  
Make it up in

I know you can

You know you're on  
So just do something big  
Just take the punch  
Yeah you can handle it

It can happen to me  
It can happen to you  
Go on (x6)  
Go make you're wish come true

It's the chance you got  
To do what you want to  
You're better than this  
You're better than that  
I'm gonna make it true

Nothings getting in my way(oh oh ooh)  
Nothing never will again (oh oh ooh)

And if you're with me come on say now  
(Oh oh ooh)  
We're gonna make it, hey!  
Gonna take it over, yeah!

(Chorus)  
Not gonna set up and  
Let them know!  
Just get the courage  
Get up and go!  
Oh no we're not gonna take it slow  
If you want to step in,  
There's no time to wait  
A wish come true every day!

So overcome  
Not overcoming  
Keep the butterfly's  
Out of you're stomach  
You take control  
And do you're thing  
If you don't try  
Nothing is happening  
So do it now  
Day to day

We're gonna make it hey!  
We're gonna take over yeah!

(Chorus)

Not gonna set up and let them know  
Just get the courage  
Get up and go  
Oh no, were not gonna take it slow...  
HEY!  
Not gonna set up and let them know  
Just gain the courage  
Get up and go  
I know we're not gonna take it slow...  
Get up and go  
Get up and go  
Get up and go  
If you want to step in  
There's no time to wait  
A wish come true every,  
Wish come true every day!  
SO COME ON!
