When you slid into the room  
Everything else just disappeared  
Taj Mahal sang "My Corrina"  
So loud and so sincere  
You were so, so sincere

Believe me when I tell you  
That what went down was a one time deal  
Over and over the things that we said  
My Sweet Charade

I don't know what your situation is  
I don't know if you have a guy  
But I'm making up for younger days  
And if I don't talk I just get shy  
You were wearing baby blue, a charm school graduate  
I was anything but charming, but you still got into it  
There was nothing I could do

Believe me when I tell you  
That what went down was a one time deal  
Over and over the things that we said  
My Sweet Charade

My desiring eyes, my pathetic resolve  
The way I work through my lies, the way that my world  
revolves  
Your black bra, I could see the lace  
I could see the invitation written on your face

But believe me when I tell you  
That what went down was a one time deal  
Over and over the things that we did  
My Sweet Charade

Maybe it's love, how would I know?  
Every time I get close to it, I let it go  
You could be different, you could be kind  
But I'll never know cause I will leave you behind
