Girl with the pretty face that lives in a broken home
Don't let your problems get to you; you're far from
ever being alone
You took your innocence hostage and now you're
caught up in this
scene
You're turning into someone who you don't want to
be anymore

Get up, Get out and escape from this town, before your
whole life
comes crashing down
There's always a new beginning at the end
Reach up, Reach out and ride out this cloud, before the
rain comes
falling down
It's pulling you in way over your head

Girl with the big city dreams, willing to get there by any
means
Forget all your problems and leave your things behind
You're way too good for this run down town
Leave tonight and don't make a sound
This is your only chance to walk away,
Your one and only opportunity

Get up, Get out and escape from this town, before your
whole life

comes crashing down
There's always a new beginning at the end
Reach up, Reach out and ride out this cloud, before the
rain comes
falling down
It's pulling you in way over your head

Your hopes and dreams are promising
And these goodbyes don't mean a thing
As long as you'll remember me, as the boy who set
you free

Get up, Get out and escape from this town, before your

whole life
comes crashing down
(Set you out there on your own, searching for a home)
There's always a new beginning at the end
(Never again will you ever feel alone)
Reach up, Reach out and ride out this cloud, before the
rain comes
falling down
(I'll show you the light to get you there)
It's pulling you in way over your head
(I'll give you the strength to take you anywhere)
