(Verse 1)

It's hard to get by without a meaning
It's hard to get by here on your own
You got me on high, you got me dreaming
That you could provide my heart a home

(Chorus)

You...I hope you do
Love me as I love
You...I hope you do
Love me as I love you

(Verse 2)

I'm down on my knees and I assure you
I'm not hard to please if you could stay
As true as I breath, girl, I adore you
Alone as I plead until you say

(Chorus)

(Verse 3)

I'm not one of those who leaves you hanging'
Through high's and low's and back again
It's not what I've shown, it's what I'm singing'
I'm dying to know so tell me when

(Chorus)

You...I hope you do
Love me as I love
Love me as I love
Love me as I love you...
