"Let It Go"

I give you more than you ask for,
I go beyond your demands
I came to change, you can be sure,
I came to alter the plan

There comes a time when I'm feeling,
There comes a time when it shows
That's when I know I'm believing
When the spirit is one with the soul

Chorus:

I just let go, (I^I^I^I)
Don't you know I just let go, (I I^I^I I I^I)
That's what I'm talking about,
Who needs control?
When all we really want to do is:
Let it go

Repeat verse 2

Repeat chorus and adlib

I just let it go, just let it go repeat 4 times
I'm just letting go
Down in my soul

Who needs control when all we really want to do is...
