The dead black word that came out of my mouth
It hit the person and broke his feelings
Why did I say
Why did I say
Why did say that broken word

The dead black word that came out of my mouth
It hit the person and broke his feelings
Why did I say
Why did I say
Why did I say that broken word

Ever since bad fortune has came to me
I sliped
I tripped
I divorced
I choked
I fell from the stairs

Why did I say
Why did I say
Why did I say that broken word

Ever since bad fortune has came to me
Friends no more
Money no more
Wife no more
House no more
Hope no more

The dead black word that came out of my mouth
It hit the person and broke his feelings
Why did I say
Why did I say
Why did say that broken word
