Baby, I need your love
Baby, I need your love
Baby, I need you to hold me tonight
Hold me and make everything alright

I get sad when you go
Told me how it would be
It's not like I didn't know
We'd be spending some time apart
That's okay as long as you don't play with my heart

I would walk the desert
Climb the highest mountain for you
I would do more if I could
I would run through fire or whatever you desire for you
Baby, I need your love

Baby, I need your love
Baby, I need your love
Baby, I need you to hold me tonight
Hold me and make everything alright

If you did wrong it would hurt me
It's painful to think one day you could desert me
Now don't think I don't trust you
I'm just makin' sure you know what I feel for you is true

I would walk the desert
Climb the highest mountain for you
I would do more if I could
I would run through fire or whatever you desire for you
Baby, I need your love

Baby, I need your love
Baby, I need your love
Baby, I need you to hold me tonight
Hold me and make everything alright

I would walk the desert
Climb the highest mountain for you
I would do even more if I could
I would run through fire or whatever you desire for you

Baby, I need your love

Baby, I need your love

Baby, I need your love

Baby, I need you to hold me tonight

Hold me and make everything alright

Baby, I need your love

Baby, I need your love

Baby, I need you to hold me tonight

Make everything, oh, make everything alright, alright,

alright

Baby, I need your love

Baby, I need your love

Baby, I need you to hold me tonight

Hold me and make everything alright

Baby, I need your love

Baby, I need your love

Baby, I need you to hold me tonight

Hold me and make everything alright

Baby, I need your love

Baby, I need your love
