You made me fall in love again  
I swore I'd never let anyone in  
But when I'm close to you, I feel so alive  
You awaken a part of me, I thought I had died

I see your face inside the moon  
And everything reminds me of you  
The wind never stops whispering your name  
Now that I've met you I will never be the same

Now that I've found you  
I will never let you go  
Every second every hour  
Of the day if I had my way  
I wanna spend it close to you

I wanna be close to you  
I wanna be close to you  
I wanna be by your side  
If only for just one night  
I just wanna be close to you  
I wanna be in your sight  
I'll do anything you want me to  
If you let me be close to you

I promise you that we'll never fight  
And we'll make love all night  
You won't have a care, 'cause I'll always be there  
To hold you and protect you from whatever's out there

Stars in the skies smiling's we were right  
Love in the air nipped all I would change  
Love that's a real, that's how you make me feel  
Say "My heart have to say that you're asking me"

Now that I've found you  
I will never let you go  
Every second every hour  
Of the day if I had my way  
I'd wanna spend it close to you

I wanna be close to you

I wanna be close to you  
I wanna be by your side  
If only for just one night  
I just wanna be close to you  
I wanna be in your sight  
I'll do anything you want me to  
If you let me be close to you

Every night when I'm dreaming  
I wanna dream a little bit about you  
And every morning when I wake up  
I wanna wake up right next to you  
And if I couldn't go on living  
And I had just one night  
I'd wanna spend it close to my baby  
'Cause you make everything all right

I wanna be close to you  
I wanna be close to you  
I wanna be by your side  
If only for just one night  
I just wanna be close to you  
I wanna be in your sight  
I'll do anything you want me to  
If you let me be close to you

I wanna be close to you  
I wanna be close to you  
I wanna be by your side  
If only for just one night  
I just wanna be close to you  
I wanna be in your sight  
I'll do anything you want me to  
If you let me be close to you
