I love you
Wherever you are
It don't matter
It don't matter how far
Cause I love you
I'll do anything for your love
I'll do anything for your love

Every time I close my eyes I look inside myself
When I see you standing there I see love
Love the most precious gift of them all
I really love him so
I'll never let him go
He's always in my heart

I love you
Wherever you are
It don't matter
It don't matter how far
Cause I love you
I'll do anything for your love
I'll do anything for your love

All my friends think I'm crazy (crazy)
But the more love I give

The more secure I feel in your arms
Love, love, gets me high
I really love him so
I'll never let him go
He's always in my heart

I love you
Wherever you are
It don't matter
It don't matter how far
Cause I love you
I'll do anything for your love
I'll do anything for your love

Please understand how I feel
I got a love that's so real my baby
I feel it deep in my heart
No one and nothing will ever tear us apart

I love you
Wherever you are
It don't matter
It don't matter how far
Cause I love you
I'll do anything for your love
I'll do anything for your love
