What would you do if you came home
And I packed up my clothes and left you?
Took my love and left you all alone
Baby, lately you've been treatin' me so mean and cold
That's not the way, not the way love goes

Tell me where's the love and tenderness?
Where oh where did it go?
Don't you think that I won't leave you
I'll pack my love and go

Tell me what would you do, if I stopped loving you?
What would you say, if I just walked away?
I've really gotta tell you baby
Last night it crossed my mind

If you think that just because I love you
I will stay and you can treat me any way
That you want to, 'cause last night
When you were fighting me I was thinkin'
How much better things used to be

Tell me, where's the love and tenderness
Where did it go?
Don't you think that I won't leave you
I'll pack my love and go

What would you do if I stopped loving you?
What would you say if I just walked away
I've really gotta tell you baby
Last night it crossed my mind

Baby, lately you've been treatin' me so mean and so
cold
We argue more than we've been makin' love, baby
I don't wanna be taken for granted anymore
Last night had better be the last or I'm out that door

What would you do if I stopped loving you?
What would you say if I just walked away, oh?
I've really gotta tell you baby
Last night it crossed my mind

What would you do, if I stopped loving you?
What would you say, if I just walked away?
I've really gotta tell you baby
Last night it crossed my mind

What would you do, if I stopped loving you?
