On my way down ain't noone there to share my pain  
Am I falling into the same ole trap again

Always obeyed to the very call that incites my soul  
So I must follow another path to lead me right back  
home

I'm on my way back home  
Swimming right back through the haze  
I'm on my way back ooh  
You'll never know how it feels

A million times now I've seen the devil inside me so  
clear  
Yet I can't kill it only send it to a hollow sleep

It's the way back home  
That I tripped so many times  
"And I've been carrying my load  
Down the long winding road"
