I'm looking good Got my shoulders back  
A few more drinks I'm up to dance  
I get the eye as I lift my glass  
The first time in six months  
She looks again I start to shake  
My shoulders twitching  
I'm on my way  
I glance behind me for safety sake  
to see a clock the size of a plane  
The night is young more fish in the sea  
Who's to say she wasn't looking at me  
I sink my head back in to my glass  
Get in to shape for that first dance  
I turn away I look to the south  
I pull my foot from out of my mouth  
To my surprise she's standing beside me  
Asking if I'd like to dance  
I'm standing in a hall of smoke  
Her tongues in my mouth  
I'd love to choke  
Her knight approaches us on foot  
Left his side kick at the brook  
He offered me a cigarette  
I said I'm far to young to smoke  
So he tried to entertain me  
Told me one more crappy joke  
In my ear except the joke wasn't clear

Set the joking aside  
Should I run should I hide  
I've decided to stay rub it in his face  
What I thought was the case  
Was an easy mistake  
I just like to try some carrot cake and wine  
Can't I try taste my carrot cake and wine  
Looking good not looking back  
Knight of hers took her off to dance  
I get the eye but not for the last time  
She looks again I start to shake  
My legs are twitching my eyes are fake  
I glance behind me for safety's sake  
To see my girlfriend's tongue in the

Face of a friend who is far from a man  
Should I hide should I run  
Must have see what I've done  
Decided to stay liked the look on her face  
What I thought was the case  
Was an easy mistake  
I'd just like to try some carrot cake and wine  
Can't I try taste my carrot cake  
Why cant I try? Why should I lie?  
Taste my try some of my  
Carrot cake and wine
