Got a royal flush
Got a ten bob in my pocket for luck
Just another crush
Got my head red in the she'd once again
My friend

Inside, Outside
Upside, Downside
See my face, wanna take me home
I missed your sister, shake your pistol
Hear my voice on the telephone

Just another leash
Got my ten green bottles in my pocket for luck
In another room
Get your deadhead in the she'd once again
My friend

Inside, Outside
Upside, Downside
See my face, wanna take me home
I missed your sister, shake your pistol
Hear my voice on the telephone

Inside, Outside
Upside, Downside
See my face, wanna take me home
I missed your sister, shake your pistol
Hear my voice on the telephone

See the red pain, got another reign
Got a magazine telling you to pair the same
I see it on the shirt but I see it on me
Sleeping like an angel watching over me
La la la
La la la
La la la
La la la

I Worked These out by listening so they are probably wrong cause it's hard to hear, correct them if you KNOW they r wrong!
