Come on get up high as the ceiling  
Get up on the floor  
Think I lost my mind and my feeling  
Been there all before

Find my way  
Free my soul  
Blind and loaded  
Lined and sorted  
It's time.....

If you think you'll make a fool out of me  
I got a little something up my sleeve  
I can think of better places to be  
So get yourself down on the street

So come on take my hand if you need me  
Just knock up on my door  
You got to stop your mind from dreaming  
And live your life some more

Find my way  
Free my soul  
Wine and water  
Shine light on my time.....

If you think you'll make a fool out of me  
I got a little something up my sleeve  
I can think of better places to be

So get yourself down on the street

Come on get up high as the ceiling  
Leave me a light at home  
I'm running out of time and I need it  
I need a lifetime more

Find my way  
Free my soul  
Eyes wide open  
Time is on my side.....

If you think you'll make a fool out of me  
I got a little something up my sleeve  
I can think of better places to be  
So get yourself down on the street

Come on get up high as the ceiling  
Get up on the floor  
Come on get up high as the ceiling  
Get up on the floor  
Come on get up high as the ceiling  
Get up on the floor  
Think I lost my mind and my feeling  
Been there all before
