I feel, I wanna hold you
Wanna tell you that you'll be alright
Sang this song today
It's callin' all your pictures, they're all in my mind

I, I miss you now
I miss you now

Although we're gettin' old now
They're all my old friends gonna leave me and die
I'm helpless, it's gonna get us
Before we get this, I wanna kiss you goodbye

I, I miss you now
I, I miss you now
I miss you now

I feel, I wanna hold you
Wanna tell you that you'll be alright
I'm helpless, it's gonna get us
Before we get this, I wanna kiss you goodbye

I, I miss you now
I, I miss you now
