It's another way to get through the day  
Picking up ripped cigarette boxes  
Hoping that one remains  
Yellow lucky day suck deep and bathe  
For the next ten minutes spent coughing  
All the pleasures craved  
Write down all the things that  
You'd like to say  
Write down all the things that  
You'd like to change  
Write down all the places you'd  
Like to stay  
Write down anything that you want  
Is yesterday tomorrow today  
Is nothin' gonna change the way  
Cracked rock top wall let the ash to fall  
Left alone to wait I've never looked at  
Things I've liked only things I hate  
You're not the first today not the softest  
Face

Was there any that you liked  
Was there any that you didn't fake  
Write down all the things that  
You'd like to be  
Write down all the things that  
You don't believe  
Write down all the places you'd  
Like to see  
Write down anything that you want  
Is yesterday tomorrow today  
Is nothing gonna change the way  
Because everything that's you  
And the things that you like to do  
And all of the things that are  
Come back again  
Is yesterday tomorrow today
