Change what ya can,
but the rest you just gotta let go,
Taste every drop of life you can you know,
'Cause time is short it'll soon be time to go
Don't be afraid to dream and live life here and now
'cause that's what's real, all the rest of it is just
all make believe
So live here in the moment

and live that dream my angel
Be my saviour
Take my soul and live 'n' love today
So live your dream my angel
Be my saviour
Take my soul and live 'n' love today

You'll never understand it all when things go right or
wrong,
take that from me
In love 'n' life there ain't much sympathy

So grab your coat it's cold

and live that dream my angel
Be my saviour

Take my soul and live 'n' love today
So live your dream my angel
Be my saviour
Take my soul and live 'n' love today

You'll never understand it all
Read the writing on the wall
See the world and be what you wanna be
Don't be afraid to dream
Live 'n' love and live free
The rest is all make believe to me

So live your dream my angel
Be my saviour
Take my soul and live 'n' love today
So live your dream my angel

Be my saviour
Take my soul and live 'n' love today
